Industrial School Reeds Funds. The report of the condition of the Industrial School for Boys at Kearney, brought

back by members of the State Board of Public Lands and Buildings, who have just visited that institution and the insane asylum at Hastings, is anything but flattering to the late legislature. According to Secretary of State Junkin,

the industrial home is ir bad shape, due not so much to bad management, said

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that ' Medical Discovery' supplies Nature with body-building, tissue-repairing, muscle-making materials, in con-densed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and euriches the blood, and nourishes the nerves-in short establishes sound vigorous health.

If your dealer offers something "fust as good," It is probably better FOR HIM--- it pays better, But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.
